15 YEARS OF PROFESSIONAL SERVICE IN SOUTH FLORIDA

## Our Services and Credentials

Since 1992 our offices have been representing the financial interests of the small business in South Florida. Whether you have started a new business or are just unhappy with the current accounting and tax services you are receiving, our staff is ready and willing to take on the challenges of representing your business' interests. We offer a full range of accounting and tax preparation services for any size business in every industry imaginable.

Our firm's partners, accountants, and employees have the experience, knowledge, and

specialization to prepare all documents and forms that are mandated by Federal, State, and private organizations.

We can help you understand the laws that govern the small

business. We can simplify the intricate requirements of the tax law, which many small companies fall victim too because of lack of experience or "know-how".

Our services are professional and our prices are extremely competitive.

Our consultations are free and our prices if and when you choose to work with us, are explained and disclosed prior to us performing any job.

Please feel free to contact us at the numbers listed below or visit us online at [www.corpotax.com](http://www.corpotax.com)
